

Services

Fast Exterior Wash - \$10

Includes a hand wash with a high pressure cleaning of wheels, tires, wheel wells and what we can get of your undercarriage. We then remove tar and bugs and any other contaminants from your paint. Your car is hand chamois dried followed by conditioning all exterior rubber and trim to a brilliant wet shine.

Fast Interior Wash - \$10

Includes a thorough vacuuming of interior. Windows are cleaned inside and out and we do a dusting of panels, steering column, consoles, dash and seats, before treating with a dressing for added shine and protection!

Complete Carnauba Waxing - \$55 Large SUV's and Mini Vans \$65

We use the top of the line Maguire's waxing products to bring your cars finish back to new again. The Carnauba Wax package includes a detailed hand wash (a \$10 value) followed by a swirl remover hand wax. Your car is then hand buffed to a mirror finish. All visible chrome is hand polished followed by conditioning all exterior rubber and trim to a brilliant wet shine.

Complete High Speed Polishing - \$105 Large SUV's and Mini Vans \$115

The high speed polish is a two stage application process. The first stage includes a high speed machine buff using top of the line Maguire's swirl and scratch remover. The high speed polish will remove hairline and minor surface scratches. Following the high speed buff, we then apply the Carnauba Wax package (as described above). All visible chrome is hand polished followed by conditioning all exterior rubber and trim to a brilliant wet shine.

Complete Interior Detailing - \$55 Large SUV's and Mini Vans \$65

Includes a thorough vacuuming of interior, between and under seats, floor mats are removed, all carpet and rugs are cleaned and spot treatments are applied as needed. Windows are cleaned inside and out, jambs, consoles, vents and panels are meticulously cleaned and shined, removing dirt and grease. The entire interior, including all leather/plastic/vinyl areas are properly cleaned and reconditioned to restore its original look and feel.

Complete Engine Shampoo - \$40

A clean engine helps promote a smooth ride with improved engine performance. The engine compartment is pre-rinsed and special degreasing / cleaning agent is applied to loosen all dirt and grime. A high pressure washer is then used to powerfully strip away all dirt. All visible areas are hand wiped and cleaned followed by an application of dressing for that "new car" shine to all rubber and plastic surfaces.

NEW! - Clay Bar Detailing System - \$55 Large SUV's and Mini Vans \$65

Every day, vehicle paint finishes are bombarded with a wide variety of airborne contaminants. Here are just a few: tree sap mist; paint overspray; industrial fallout; hard water deposits; diesel fuel exhausts; rubber particles from other cars and much more. Our Clay Bar Detailing System safely and quickly removes all these contaminants and restores crystal clear reflections and slickness. The Quik Clay system includes a specially formulated non-abrasive clay bar that safely lifts off the contaminants as the surface is lubricated with Quik Detailer. Instantly, paint is restored to a shiny, smooth as glass finish and is ready for wax protection to be added.

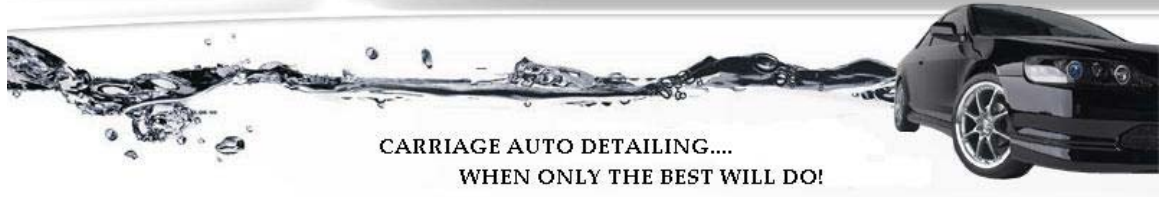

NEW! - Rain-X your Windshield - \$5

Improves driving visibility, repels rain, helps reduce sleet and snow from sticking, Rain-X® transparent polymer coating causes rain to "bead up" and roll off glass surfaces. Add Rain-X to your windshield and see the difference!
